NUMMER 828904				M2	REVISED PER ECO-11-005150	21MAR11	RK	HMR
VERWENDET FÜR								
WAR NR. 87-9398-50								

$$M1:1$$

Figure 10 illustrates four alternative part designs for a mechanical component, labeled as 'Wahlweise Form' (Alternative Part-Design). Each design is shown in a top view and a side view.

- Top View (Left):** Shows a circular part with a central hole. The diameter of the outer circle is $\phi 3.4$. The diameter of the inner hole is $\phi 5.6$. The distance from the center to the outer edge is 1.8 . The distance from the center to the inner hole is 0.15 . The top view also shows a 'CAVITY MARKING' and 'AMP COUNTRY-CODE'.
- Side View (Left):** Shows the profile of the part. The total length is 7.9 . The distance from the front face to the start of the internal thread is 0.8 . The distance from the start of the internal thread to the end of the part is 4.3 . The top surface has a radius of $R0.2$. The bottom surface has a radius of $R0.1$.
- Top View (Right):** Shows a circular part with a central hole. The diameter of the outer circle is $\phi 3.4$. The diameter of the inner hole is $\phi 5.6$. The distance from the center to the outer edge is 1.8 . The distance from the center to the inner hole is 0.15 . The top view also shows a 'CAVITY MARKING' and 'AMP COUNTRY-CODE'.
- Side View (Right):** Shows the profile of the part. The total length is 7.9 . The distance from the front face to the start of the internal thread is 0.8 . The distance from the start of the internal thread to the end of the part is 4.3 . The top surface has a radius of $R0.2$. The bottom surface has a radius of $R0.1$.
