

Round Cable Stripper No. 13

WEICON has been developing and producing various types of cable stripper since 1967. These premium quality tools are TÜV-tested, carry the GS seal for verified safety, and were developed taking occupational safety and user-friendliness aspects into account. The WEICON range includes cable strippers, cable dismantling tools, wire strippers and various multifunctional tools for professional users.

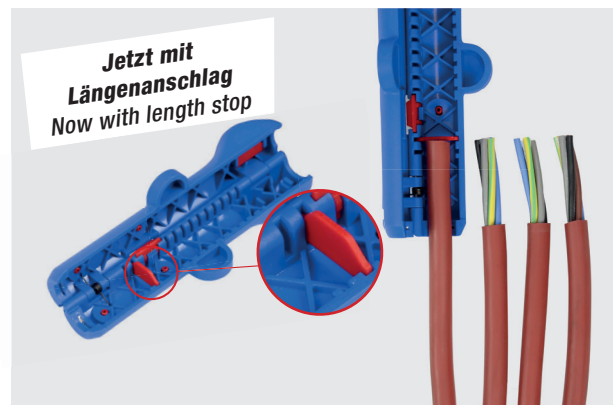

Description

The WEICON cable dismantling tools allow all common round cables to be stripped quickly and safely. The product family of cable dismantling tools includes various types, which have proved to be easy to use and to produce accurate results.

The Round Cable Stripper No. 13 allows a safe and comfortable stripping of all common round cables with a diameter of 6,0 - 13,0 mm (e.g. NYM cable 3 x 1,5 mm² to 5 x 2,5 mm²). It is not necessary to adjust the cutting depth. The new working range is also suitable for smaller wire diameters from 6 mm, e.g. 3 x 0,75 mm². Due to its ergonomic handle shape, the tool is particularly good in handling. The ideal handle ensures that the Round Cable Stripper No. 13 remains safely in hand and avoids slipping. This facilitates the daily work and allows more safety. The slanted and space saving tool head perfectly adapts to the modern socket design. The longer design enables even better access for dismantling also in cavity wall sockets and hard to reach spaces. Due to the new blade arrangements, there will be no clogging of the electro-galvanized blades by cable rests.

A length stop is now integrated in the housing for possible small series or for the arrangement of conductors with the same dimensions. The fixing clip ensures a safe storage of the tool.

Technical data

Cable type:	Round cables
Working range:	Outer diameter 6 - 13 mm
	e.g. NYM 3 x 1,5mm ² to 5 x 2,5mm ²
Inner knife:	Completely fixed, cannot be replaced
Additional use:	Integrated length stop in the housing
Approval/Certificate:	Safety tested by TÜV NORD
Material:	Glass fibre reinforced polyamide
Length:	140 mm
Weight:	48 g

Note:

Work with WEICON TOOLS is only permitted on potential-free cables and conductors
